

DARE'S HILL CIRCUIT TOUR

Hallett - Terowie via Dare's Hill (91.5 km)

The route is entirely on unsealed roads. Under normal conditions it is easily accessible to conventional vehicles. Owing to the prevalence of creek crossings and one or two steep hills the road could become difficult or impassable in wet weather.

There are **NO FACILITIES FOR PETROL OR OTHER SUPPLIES** along the Circuit Tour, other than the start and finish points of Hallett and Terowie. Homesteads are shown as navigational guides only and do not possess facilities for travellers.

A number of gates will be encountered; please leave them as you find them.
